The location

The seafront project lies on the western side of the tranquil unspoilt fishing village of Panormo, 58 km west of Iraklion and only 20 km from Rethymno with its magnificent old Venetian town, harbour and new marina.

Panormo Village

Panormo is a typical example of a Cretan village. Central located at the North coast of the island, 58 km west of Iraklion and only 20 km from Rethymno. Panormo has not been affected by the onslaught of mass tourism. The warm and friendly inhabitants, less 500, still work in the fields on the small fertile plains, or else are shepherds and fishermen.

Whitewashed buildings gleaming in the mid day sun, a mini-maze of back streets sloping gently down to the small harbour and pretty beaches. There's the traditional village square, with tavernas and Kafenions and the old picturesque houses are being renovated and restored with great elegance. For shopping the village has mini markets, a bakery, butchers, gift shops, post office, car hire etc. In and around Panormo you'll find small beaches of smooth sun-warmed pebbles, sandy coves, some with water sports facilities, fishing, diving etc. There are buses, which go regularly to Rethymno (15 min) or to Iraklion and Chania making Panormo an ideal base to explore many parts of Crete. There is a Golf course only 55 minutes away.

The airports of Iraklion and Chania are only 45 minutes and 65 minutes drive respectively.
